

SCRIPT: Health Professional Encounter with Customer/Participant

Hello, my name is _____, and I am a (Occupation), with (Agency/Organization). I am a volunteer health professional for Take a Health Professional to the People, a campaign coordinated by the University of Pittsburgh Graduate School's Center for Minority Health. Our goal today is to educate people in the community about how they can live healthier lives by preventing and/or managing chronic disease, like high blood pressure, diabetes, and other preventable conditions.

If it is alright with you, I would like to perform a (name of test; i.e. blood pressure check, breathing test, prostate examination, et...). Would you like me to check this for you now?

Great!

Also, there may be a chance that the result could be abnormal, for instance your blood pressure could be high. If so, do I have your permission to call you physician or refer you to a clinic? (If this is the case, please be sure to ask if you can get their name and a phone number for follow-up purposes, only)
